# Welcome to a more colorful view.

---

Windows play a big part in the overall look of your home. Our expanded color palette offers more ways to enhance it. There are earth tones ideal for Craftsman styles and southwestern surroundings. Rich, dark colors that make a bold statement. And a choice of Satin or lustrous Euro finishes. It's your home. Color it your way with Great Lakes Window®.

## More color on the outside.

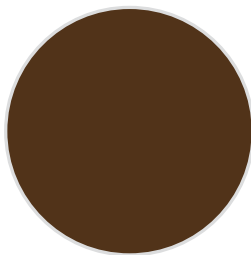

No single color is right for every home. That's why we offer more color options on our ecoSmart, UniFrame, Lifestyles™ and Seabrooke™ windows: earth tones for crafty, rustic styles; new dark colors for bold looks; an elegant gray that's designer-friendly on almost any home. Take your pick.
